4) Committee Reports

a. Legislative – BJ- Property Tax bill- Did not sell the ICN- bad news we have to sell the state on keeping the ICN. Next year WCAG 2.0 compliance bill Senate file 2380 Good faith efforts when website issues are reported to govt agencies with in 45 days- will then show you tried to address there concerns.
PSAP funding was not addressed this year. ICIT supported Nina on lobbying to keep local funding re-instated.
ISAC has a process by which affliates and members can submit ideas through a formal process thru ICIT- BJ will still submit but have the backing of the ICIT to give it more backing.
90 sec general session starts over again Jan 1- here is our chance to present new ideas. We will continue pushing on the ICN issue.
SF2380 – limits liabilities for county organizations with websites providing protection.
BJ will place on slack under the legislation channel with full details and language of all ICIT priorities.

FLCBT- Cyber security gave funds to Iowa state to develop projects. It has been a slow process and there is now a council set up to work on how the money should be spent. The next step after the assessment will be how to determine the value of this. Request from Shayne, please provide ideas for projects that we as counties would like to see. Shayne has proposed to send out an agreement along with the CrowdStrike. That will push counties to sign up or lose other funding.

Discussion was had on how we felt about the hard push from Shayne.

Al- explained how his assessment went. Underwhelming- same assessment as CISA has made in the past.

Phishing, social engineering- push money towards a project that will help all counties

Ideas- Better security tools,

Joel suggested inviting Shayne to the monthly security call to listen to what everyone's feedback is

8) Next Meeting: Oktemberfest -

9) Adjournment
